MiRV MARiNE Services LLC
UAE

Providing Celestial Solutions

About the Company

The Story as it unfolds

- MiRV MARiNE was started as a proprietorship company by Capt. Indraneel Chari in 2019
- A marine consultancy firm which grew exponentially in the field of Maritime training, Inspections/surveys, software development, coaching/mentoring and export services over a short period of time.
- The company was rechristened as MiRV MARiNE LLP and registered as a partnership firm in April 2024 and got its ISO certification from ABS Class soon after.
- MiRV MARiNE Academy was started parallelly and operates as the virtual classroom under the same ISO certification which imparts training to seafarers and shore personnel worldwide including on cloud-based simulator modules.
- MiRV MARiNE Services LLC was registered in the UAE in May 2025 to tap on the growing oil & gas market in the Persian Gulf region

OUR TEAM

Capt. INDRANEEL CHARI - - Managing Partner & Founder

A Lead auditor, certified VDR analyst, Auditor/Inspector & Maritime trainer who started his career with Wallem Shipmanagement Pvt Ltd and worked his way up through the ranks to get his command in 2007. He switched over to the oil & gas industry in 2011 and became a DPO in 2012. After gathering a versatile sailing experience he shifted to Maritime training including audits, inspections & surveys as a free lancer since 2016. He was also an external MMD surveyor prior to forming MiRV Marine LLP in April 2024.

Capt. SUDHIR KANDHARI – CEO

A seasoned maritime professional with over 30 years of global seafaring and offshore experience. In addition to his commercial career, he served as a Hydrographic Surveyor Grade I in the Indian Navy, where he gained extensive expertise in advanced hydrographic operations and naval charting. He has held command for 6 years on Refrigerated Cargo vessels and 11 years command on DP2 subsea project vessels. Joined the organization as a Senior Consultant, steering our marine training and offshore solutions venture with deep technical insight, operational excellence and a steadfast commitment to safety, standards, and future ready capabilities.

Cmde. VINAY KALIA – SME – Marine

A seasoned maritime consultant and educator, with over 35 years of distinguished service as a senior officer in the Indian Navy, including command of ships and submarines and hands-on leadership in complex shipbuilding and submarine construction projects. Demonstrates deep operational insight, technical mastery, and a commitment to raising industry standards through dynamic programs tailored to the evolving needs of the shipping and offshore oil and gas sectors. Recognized for excellence in curriculum design, adult education principles, and the facilitation of impactful, practical learning experiences during online and offline training for marine professionals.

Mr. KRISHAN NAIR– SME – Technical

DMET alumni with 11 years of deep-sea experience onboard tankers, bulk carriers, and reefers. Shifted to offshore industry in 2003 and worked on various DP vessels till 2022. Joined Maersk Training in 2023. From 2023 till 2025 conducted vessel audits and marine crew training for the client's offshore fleet..

Core Values

MISSION

- To provide maritime training, keeping in pace with the fast-changing world of shipping, to deliver competent and proficient seafarers who shall excel in the shipping industry.
- To Continuously upgrade existing training procedures, and evolve new ones, in pursuit of excelling in the field of maritime education.
- Develop new curriculum and facilities for those fields of shipping industry which are newly explored and/or are still underrepresented.
- Promote research and innovation in the field of maritime technology and systems.
- To provide any and every consultancy service relevant to the efficient, safe and optimum running of the Maritime Industry

VISION

- ❖ Mentoring, Coaching , Training & Hand Holding are the 4 pillars for delivering a safe and efficient workforce on board the vessels.
- ❖ Whether it is Main fleet, Oil & Gas fleet or Shore – People are the biggest and strongest resource, and they need to be handled and trained well .
- ❖ Our vision is to be recognized as a global supplier of the highest quality of maritime services and training to the shipping industry.

2. Executive Summary

2.1 Summary – VDR Guidelines & VDR Consultant

To analyse the data received from VDR of the named vessel, its Watchkeeping procedures, as she was departing from VOPAK CACUING (oil terminal), with pilot on board and proceeding to sea in ballast condition enroute loading port, was reviewed on request from CO.LTD. A Remote Navigational Audit of XXX was conducted by Capt. Indraneel Chari.

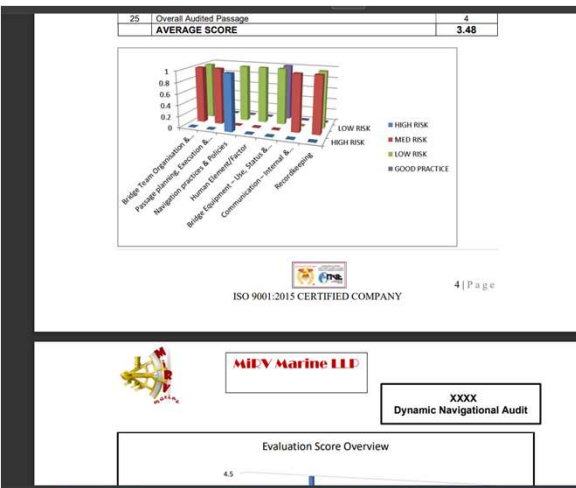

Capt. Indraneel Chari is a Master Mariner since 2007 and has experience of sailing on OilChem Tankers & Container vessels. He has carried out VDR RNA for over 150 vessels and is an IRS certified VDR & RNA analyst. He is also a DNV class approved Lead Auditor and has conducted Dynamic Navigation Audits and safety inspections on more than 100 vessels in the past few years.

This VDR RNA report is in line with the guidelines provided in the OCIMF publication 'Guide to Best Practice for Navigation Audits and assessment' as required by Section 3.2.4 of the SPIRE 2.0 inspection regime. In addition to the downloaded VDR data, the passage plan including all Bridge checklists, logbooks and relevant documents related to the passage were analysed to prepare this comprehensive report.

SR.NO	KEY FACTOR	HIGH RISK	MEDIUM RISK	LOW RISK	GOOD PRACTICE
01	Bridge Team Organisation & Management	0	1	0	0
02	Passage planning, Execution & ECDIS Management	0	1	0	0
03	Navigation practices & Policies	0	1	0	0
04	Human Element/Factor	0	0	1	0
05	Bridge Equipment – Use, Status & Management	0	0	1	1
